OBJECTIVE

Formally trained Software Engineer with growing experience and interest in Emergency Response..

–

OVERVIEW

4+ years of web development experience specializing in visual and technical frontend redesigns

National and State certifications in Emergency Response and a year of experience at a Volunteer Fire Department

EXPERIENCE

Cooperstown Fire Department : Firefighter/EMT   Sept 2018 - present
James Tallman - Chief -

· Volunteer for on-call response to life-threatening situations in the surrounding county involving fires, motor-vehicle accidents, rescue, and medical emergencies.

Boston University Libraries : Web Developer   Sept 2018 - Sept 2020
Michael Ward - Web Services Manager - mrward@bu.edu

· Maintained and contributed to a collection of open source packages used by libraries across the world to add functionality to the ExLibris Primo search interface.
· Helped to manage, customize, brand, and improve the usability of the BU Libraries' web presence across a number of hosted vendor platforms.
· Periodically assisted members of the library in acquiring information about works published by BU researchers and managing metadata from our collections.

ITHAKA - JSTOR : Junior Web Application Developer   Jan 2017 - June 2018
Peter Vlahakis - Product Owner - peter.vlahakis@ithaka.org

· Contributed over 250 pull requests (and reviewed over 500) into a dozen repositories in six languages.
· Worked as one of three developers on an agile, cross-functional product team, utilizing test-driven development (TDD), and often deploying to production multiple times a week.
· Contributed in a distributed effort across front-end teams toward a site-wide visual redesign.

EDUCATION

NYS Fire Academy : S1 DEGREE   Aug 2021 - Oct 2021

· Intensive 11-week program resulting in national certifications in Firefighter I/II and basic HAZMAT, pursuant of volunteer, part-time, and potentially seasonal work in fire suppression and emergency response.
·

Rochester Institute of Technology : BS in Software Engineering   Aug 2012 - Aug 2018

· Application Domain in 'Library and Information Science', Minor in Philosophy
· Worked on over a dozen 2-6 person teams, in as many languages/technologies, and completed 20+ SE courses, towards the completion of a competitive degree, punctuated by meaningful work experience.

PROJECTS

bulib-wc	Collection of web components used across Boston University Libraries sites
primo-explore-bu	Collection of npm packages customizing BU Libraries Search (discovery service)
resume	Store and export information about my professional background to LaTeX/PDF
